- Early stablization of newly commissioned units and overall increase in Plan Load Factor of thermal units.
- Creation of a National Grid for optimum utilization of generation capacity and inter-regional transmission of power.
- Power Finance Corporation and Rural Electrification Corporation have mobilized themselves adequately to see that the execution of a good project is not hampered due to lack of funds.
- Renovation and modernization of old and inefficient generating units.

(c) During the Tenth Plan a capacity addition of 41,110 MW has been targeted.

(d) and (e) Yes, Sir. Several representations have been received from various stakeholders including State Governments and Private Power Projects Developers suggesting lowering in threshold qualifying limit of mega power projects.

Whole Village Cleaning Programme

†3678. SHRI MANGANI LAL MANDAL: Will the Minister of RURAL DEVELOPMENT be pleased to state:

(a) whether it is a fact that the Whole Village Cleaning Programme is being implemented in about 398 districts of the country;

(b) whether it is also a fact that the criteria of this scheme is the Demand-based contrary to the principle of the State-wise allocation; and

(c) if so, the State-wise achievements of this scheme alongwith details of the State-wise amount released is the light of the demand based policy of the State.

THE MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRI A. NARENDRA): (a) There is no programme called Whole Village Cleaning Programme under implementation in the country. However, Total Sanitation Campaign (TSC) with the objective of accelerating sanitation coverage in rural areas is under implementation in 478 districts of the country at present.

(b) It is true that Total Sanitation Campaign (TSC) is a demand driven programme and does not follow the principle of State-wise allocation.

(c) State-wise achievement of the scheme alongwith fund released by Government of India are given in the enclosed Statement.

†Original notice of the question was received in Hindi.
